Re: 5th Annual Campaign

“YOU CAN STILL HELP”. Once again, we ask you to make a difference for individuals with intellectual disabilities in **your local community** by giving a gift to the Foundation’s 5th Annual Campaign.

Simcoe Community Services Foundation partners directly with Simcoe Community Services to **enhance the quality of life** for over 1,500 children and adults with intellectual disabilities and their families in Barrie and Orillia and surrounding townships and Bradford-West Gwillumbury.

This year, your contribution to the Annual Campaign will go directly to individuals and families for services and supports that receive partial or no government funding including:

- “Youth In Action”: weekly and summer recreational programs for 100 youth;
- “Community Connections”: recreation and leisure courses/memberships for 110 people;
- “School is Cool”: pre-kindergarten readiness program for at risk, special needs children;
- “Campership”: subsidy for 40 children needing specialized supports to attend summer camp;
- “Snoezelen Equipment”: multi-sensory leisure/recreational activities for people with multiple disabilities.

If you would like further information please contact Louise Pope, Foundation Resource Developer who would be pleased to talk with you. She can be reached at lpope@simcoecommunityservices.ca or 726-9082 ext. 254.

Make a gift today! Join with Simcoe Community Services Foundation and become a vital part of this year’s Annual Campaign.

Sincerely,

Shelley Black,
Annual Campaign Co-Chair

Barb Wetmore,
Annual Campaign Co-Chair

**P.S. Can you help push us “Over the Top?”
We are only \$4,000 away from our goal of \$90,000.**
