FOR IMMEDIATE RELEASE

Simcoe Community Services Achieves Accreditation!

Barrie, ON (09 January 2008)

Simcoe Community Services is pleased to announce that they have recently become an Accredited organization. To achieve Accreditation, Simcoe Community Services underwent an extensive review of policies, practices and services, conducted by an independent review team from the Council on Quality and Leadership Canada (CQL Canada). The assessment process included extensive interviews, focus groups, file audits, site visits and community partner meetings.

Simcoe Community Services is the first organization of its size to achieve accreditation status. While receiving Accreditation marks a major milestone in the agency's journey towards the highest quality of supports and services possible, it commits to always staying on the path towards continuous improvement.

The agency would like to once again thank all who were involved in supporting the Accreditation process.
