

The Survey Results are in!

Last spring we sent out a WEB survey asking YOU what we could do to make WEB even better! Here is what you said:

-Activities you like the most are: swimming, bowling, movie night and mini putt.

-Most of you think the prices are ok.

-Most of you said that you think that 6-8pm is the best time for WEB events

-Some of you asked for car-pooling to get to WEB events- great idea! Talk to Caitlin and your friends about this to see if you can drive together to events

We were listening! This information you told us is helping us to plan the activities we do. Stay tuned for more nights where we will plan upcoming activities. Don't forget that we are always looking for new and fun activities to do, so let us know what you want to do!

To make sure we continue to offer the best programs, we will be having a feedback form at EVERY event to fill out. This way we will know right away what you thought of the activity.

Want to be more involved? Talk to Caitlin about our Youth Involvement Committee! You can help us plan and organize events- the best way to get what YOU want!

If you have any questions or comments about our program, please contact
